

 **Porzio AggregateSpendID®**

Federal, State, & Local compliance report generation

Simplify Aggregate Spend Compliance

MedPro Systems® and Porzio Life Sciences partnered to offer Porzio AggregateSpendID®, the industry-leading end-to-end Aggregate Spend tracking and reporting solution. The goal is to provide the Life Sciences industry with a complete Aggregate Spend reporting solution with integrated data and regulatory components to comply with current and evolving spend transparency regulations.

Aggregate Spend Key Requirements:

- ✓ Identification and collection of HCP & HCO (Teaching Hospitals) spend transactions.
- ✓ Matching, augmentation, and aggregation of spend & sample transactions.
- ✓ Monitoring and interpretation of Federal, State, & Local spend regulations.
- ✓ Spend monitoring & email alerts.
- ✓ Generation of transparency compliance reports.
- ✓ Pre-submission notification for HCPs and Dispute Resolution management.

Porzio AggregateSpendID® Key Features:

- ✓ Integrated 21 million record MedProID® HCP license database including a cross-reference to DEA, NPI, & State specific data sources.
- ✓ Sophisticated and open aggregation architecture for spend transactions.
- ✓ Access to the Porzio Compliance Digest, an online solution providing detailed summaries and documentation related to Federal, State, & Local transparency and compliance requirements.
- ✓ Highly configurable HCP spend alerts including email delivery.
- ✓ On-demand generation of Spend Management and Federal, State, & Local Aggregate Spend and samples reports.
